## DEATH SENTENCE FOR "BLACK TEXAS".

Negro Must Die Nov. 19th for Murder  
of Engineer Gibson

Ashland, Ky., Sept. 17.—The case of Abraham Smith, alias "John Henry," alias "Black Texas," charged with the murder of C. & O. Engineer Joseph C. Gibson, who was robbed and shot in a gondola car here on the night of Thursday, September 9, went to the jury this morning at 11 o'clock and at 4 o'clock the jury brought in a verdict of guilty of murder in first degree and fixed the penalty at death.

The accused was returned to jail to await the setting of the date of the execution. Just before adjourning court late Saturday evening, Judge Halbert set November 19th as the date of the execution of "Black Texas."

The negro took his sentence coolly, and said, "Thank you, Judge," when Judge Halbert announced the date.

"Black Texas" will not be taken to Eddyville until the latter part of the week, owing to the stress of court business.

When the verdict was read the condemned man sat motionless, with the same set, unresponsive look upon his face which characterized him throughout the hearing. He spoke not a word enroute back to jail, but sat on the bunk in his cell for over an hour apparently in deep thought. Later to Matron DeFord, of the jail, whose kindness and words of comfort have inspired many a prisoner to better deeds, he promised to read and study carefully the new testament which she gave him.

## MUSICAL DAUGHTER OF LOUISA WOMAN.

The following clipping from the Cincinnati Times Star was published under a good picture of Miss Imogene Franklin, daughter of Mrs. Myrtle Chapman Franklin, of Dayton, Ky. The young lady is 20 years old. The instructor says she will be an artist of the first rank in grand opera at Music Hall in Cincinnati last May. She has a younger brother who is also a talented musician, playing violin very artistically. The Louisville friends of Mr. and Mrs. Will Franklin will watch the career of these young people with great interest.

The Times Star says: Miss Imogene Franklin, whose parents live on Eighth avenue, Dayton, Ky., has returned this week from the East, where she has been studying voice culture. She studied in Baltimore and New York, and while in the latter city had for her teacher Louis Aschenfelder, formerly of Paris, who taught such celebrities as Madame Gaski, Fritz Schell and others. Her teachers predict for her a bright future. Miss Franklin is a graduate of the Dayton High School. She will return to New York to study at the Metropolitan Grand Opera school.

## NEW PROHIBITION CANDIDATE OUT.

Rev. Andrew Johnson, the Holiness evangelist, having for reasons satisfactory to himself, withdrawn as the prohibition nominee for Governor of Kentucky, Rev. L. L. Pickett, who is connected with Ashbury College at Wilmore, has been tendered and accepted the nomination.

This announcement was officially made by Mrs. Frances E. Isaacson, State chairman of the prohibition party.

## REV. McELDOWNEY.

Rev. L. E. McElDowney, the new pastor of the M. E. Church South, came over from Charleston and preached last Sunday morning and evening. He has been sick and was unable to attend conference. His two sermons impressed most favorably the large audience who were out to hear him. He is earnest and enthusiastic in his work and has made a good record wherever he has been stationed. His family is expected here within a few days.

## TORCHLIGHT MINES CLOSED.

The coal mines of the Eastern Kentucky Coal company at Torchlight have shut down indefinitely. The officials announce that plans are under way looking to resumption of work in the near future. We are informed that this plan includes the construction of a large fire-brick plant on the property, to work the fine vein of fire clay which is known to exist on the property.

## MARRIAGE LICENSES.

Wesley Cordial, 20, to Lora Lemaster, 21, of Wilbur.  
Lias Rogers, 22, to Ellen McDowell, 23, of Illine.  
W. P. Romy, 37, to Lela Smith, 18, married by Rev. Hay.  
Thos. Sumter, 27, to Fannie Cole, 43, of Saltwater, married by Rev. Hewitt.  
C. H. Stanbaugh, 22, to Elizabeth Williamson, 22, of Johnson county, married by Rev. Lefe Walters.

## T. HUFFMAN FOR POSTMASTER.

Senator Ollie James announced Tuesday that he has recommended Rowland T. Huffman for postmaster at Pikeville. Mr. Huffman was postmaster during Cleveland's last administration.

## A ROAD RUINED BY ONE MUD-HOLE.

Since last spring we have heard much complaint about one bad place in the main road between Louisa and the Lloyd county line, leading to Ashland. It is at or near Cadmus, close to Chadwick's store. From what we can learn this is the only place that is impassable for automobiles and loaded wagons. If the location were changed a short distance this bad place of road would be eliminated and the entire route would be made useful to the public.

We have not learned just why this improvement, which is so badly needed, has not been made. A broad view of this matter should be taken by all the citizens in any way connected with it, and our officials should spare no reasonable efforts to make the improvement at the earliest possible date.

The present location of this piece of road is said to be very bad and a change is absolutely necessary.

It has been often said that a road is no better than the worst place in it. Traffic is governed absolutely by the worst mud hole on the route. If all means let's get rid of this one bad place on this important thoroughfare.

## FUNERAL OF SISTER OF SENATOR ARNETT HELD.

Cannel City, Sept. 14.—A large number of people went from Cannel City to Rose Fork Sunday afternoon to attend the funeral services of Mrs. Charles Rose, who died several months ago, but whose funeral services were not held until Sunday afternoon, the services being conducted by Mr. Harland Murphy. The O. & C. R. R. ran a special train to accommodate the people who desired to pay the last tribute of respect by their attendance.

Mrs. Rose was a sister of State Senator Charles Arnett, of West Liberty, and of Floyd and Clay Arnett, prominent citizens of Clay City.

## AN EXCELLENT ROAD.

The road built this season up Lick creek is one of the best improvements made for a long time in our county roads. It is located away from the creek, on easy grades, well drained and nicely crowned. The old road had none of these good points. Such work as this deserves commendation.

## ANOTHER OIL WELL.

The South Penn Oil company drilled in well No. 3 Tuesday on the Wayne Lycin farm two miles below Ft. Gay. It is reported to be a good well.

A Huntington company is starting a well on the Wilson Hayes farm near Potter, three miles below Louisa.

## LARGE CROWD AT THE COUNTY FAIR.

## LAWRENCE-WAYNE ASSOCIATION HAS EXCELLENT EXHIBITS IN MANY LINES.

The fair now being held in Louisa opened very auspiciously Wednesday. The weather was propitious, there being more smiles than tears. For the first day the crowd was large and much interest was manifested. Both Wayne and Lawrence county were well represented in attendance and exhibits. The display of needlework, plain and fancy, is the best ever made at a Lawrence county fair. It is sure to see it in the court room. There is also quite a good exhibit of the skill of the cook. It is, however, not so large as it should have been.

In the court house yard there is an exceedingly good show of the field and garden. Tall corn, fine grasses, big pumpkins, and noticeably good specimens of many other kinds of vegetables.

Much live stock has been entered for show, but little of it was here Wednesday, but it will all be exhibited during the remaining days of the fair. There is no doubt of the success of the Lawrence-Wayne County Fair. Every thing points to this and our people should help make it certain by turning out in large numbers and helping it along.

In order to insure the utmost impartiality in the award of premiums Mr. T. J. Higgestaff, a prominent farmer and live stock man, of Mt. Sterling, has been asked to judge the live stock. He is here and will do his work to the satisfaction of all.

Miss Mary E. Sweeney, who is at the head of the Home Demonstration Department, Lexington, arrived here Tuesday night and will judge and award the premiums in all the exhibits in the Women's department of the fair. The display will be judged entirely by their merits.

A full account of the fair, including the awards, will appear in next week's NEWS.

## THOUSAND STUDENTS ENTER AT STATE UNIVERSITY.

Class work for the new school term began at State University, Lexington, with 1,000 students in attendance. Agriculture students attending the State Fair were matriculated at a branch office established there.

## BOAT WATCHMAN, DROWNED.

Eldo Bigley, 33 years old, of Racine, Ohio, night watchman on the Ohio river steamer Mildred, was drowned at Catlettsburg, Ky., Tuesday. Bigley was pushing a loaded truck up the gang plank when he fell into the water. He is here and will do his work to the satisfaction of all.

## MR. HUGHES TO RUN FOR GOVERNOR.

Announcement of more than ordinary interest to Republicans in the Huntington Advertiser. That former Congressman James Anthony Hughes would be an aspirant for governor has been rumored for several weeks and the statements credited to him indicate that his candidacy has been determined upon. The Advertiser interview follows:

One of the most interesting political announcements to be made in Huntington for some time was that made today by former Congressman James A. Hughes, who admitted when questioned by the Advertiser, that he expected to enter the gubernatorial race this fall.

"I'm not only going to run but I am going to win," was the answer given by the former congressman when asked if there was any truth in the rumor that he intended to enter the race.

"This isn't any official announcement, understand," said the former congressman, "and I do not intend to make any such announcement until the latter part of next week, but you can say for me that I am going to run and that I confidently expect to win."

Mr. Hughes said that, since his retirement from congress, he had been urged by his friends to make the race but that he had not reached a definite decision until recently. Conditions in the state and other parts of the country, he intimated this morning are in an excellent shape to insure a Republican victory at the forthcoming election.

At the time of his retirement from congress, after fourteen years of service, last spring, it was intimated that Mr. Hughes contemplated becoming a candidate for governor but the rumor at that time was denied by him.

It was also rumored that Mr. Hughes would become a candidate for congress in the new Fourth congressional district.

Since his retirement this spring Mr. Hughes has spent the greater part of the summer at his home in Westmoreland, where he directed the operation of his farming and dairying interests.

The new gubernatorial aspirant is a firm believer in modern farm methods and has equipped his dairy and farm buildings with all the new appliances necessary to farming under modern methods.

As an advocate of good roads, he was instrumental in inducing the Wayne county court to construct the Westmoreland-Ceredo brick road the construction of which is said to have saved the secession of Ceredo district from Wayne county and its annexation to Cabell county.

Mr. Hughes began his political career as a state senator, and in 1900 was elected to congress from the old Fourth district. He was re-elected in 1902 from the new Fifth district and continued in congress until this year.—Mingo Republican.

## WILL SPEAK IN COUNTY BEARING HIS NAME.

Frankfort, Ky., Sept. 14.—Gov. McCrory has set for October 20, for his long-promised speech in his namesake county in Eastern Kentucky. Soon after McCrory county was carved out of Wayne, Whitley and Pulaski a delegation of citizens asked the Governor to visit the county and make a speech, and he promised; but until now has been unable to fulfill it. He will speak at Whitley City October 20 on "Literature, Peace and Free Government," incidentally helping along the campaign of the Kentucky Literacy Commission, in which McCrory county is among the leaders in the work of eradicating the menace.

The Governor will be the guest September 29 of Gov. Baskin at Indianapolis and will make the response to the address of welcome to the delegates attending the Mississippi Valley Conference on Tuberculosis.

## PAINFUL ACCIDENT.

While returning home Tuesday evening Mrs. Vic Prichard sustained a very painful accident. When near the wholesale grocery house her left foot in some manner caught on a board and she was thrown violently to the ground. She was taken home in an ambulance and Dr. Bromley sent for. It was found that the left foot was badly sprained and bruised and other parts of the body much bruised. She is unable to walk and it will be some time before she is able to go about.

## PRESTON-AUSTIN.

Miss Inez Preston and Mr. Walter Austin were married Wednesday of this week at the home of the bride's mother, Mrs. Belle Preston, at the mouth of Georges creek. Mr. Austin is located in Huntington and the young couple will make their home there. The bride is one of the attractive daughters of Elliott Preston, deceased, one of Lawrence county's most prosperous men.

## PAINT YOUR HOUSE.

This is an excellent time to paint the outside of your house. We have the best paints made, and also the best medium paint obtainable for the price. SNYDER HARDWARE CO.

## FIRE PREVENTION DAY.

October 9 will be observed in Kentucky as fire prevention day, and Gov. McCrory issued a proclamation calling upon residents to remove fire hazards from their dwellings.

## ITALIAN'S DOUBLE CRIME.

At Lexington John Delorse, aged 28, an Italian, who went there from Welsh, W. Va., a year ago, shot Ethel Griggs, an inmate of a resort, in the hip, and then committed suicide.

## DEATH AT 83 YEARS OF AGE.

REV. A. J. THOMPSON EXPIRES  
AT HIS HOME AT  
ADAMS.

The Rev. A. J. Thompson, better known as "Uncle Andy" Thompson, and one of the oldest and best known citizens of Lawrence county, died at his residence at the forks of Little Illaine, Sunday, Sept. 19th. Death followed as the result of a stroke of paralysis, which occurred Friday, Sept. 10th, and from which he never entirely regained his consciousness. Interment was made on Monday afternoon in the home burying ground. Appropriate funeral services were conducted by the Rev. French Rice, a life time friend, and the Rev. Mr. Booth, pastor of the church of which the deceased belonged for many, many years. The presence of so great a number of people at a week-day funeral testified strongly to the esteem in which the old patriarch was held, not by his neighbors alone, but by the entire community. For a long time before the final stroke Mr. Thompson had been in very poor health, suffering from a number of bodily ailments, so that with his weight of years, 83, the paralysis was too much for his weakened body, and in spite of the best medical skill and the most careful nursing, the old man died, surrounded by wife and their twelve grown children, an equal number of each.

Uncle Andy was born nearly 84 years ago, not far from the place where he died. He had lived for 65 years in the house where he died, and it is a singular fact that the day and hour of his decease, 11 o'clock a. m., Sept. 19, 1916 was the 65th anniversary of his marriage to the aged woman who survives him.

Mr. Thompson was for many years a member of the M. E. Church South. He was a local preacher of much ability. He was a deeply religious man, attending on the meetings and services of his church. He was kindly and hospitable, his home being open to all who sought its friendly shelter. He will be missed and mourned by many. His surviving children are: Mrs. A. L. Hurton, Louisa, Ky.; Mrs. Lee McComas, Adams, Ky.; Mrs. Jerry Williams, Mahan, W. Va.; Mrs. Hester A. Carter, Yatesville, Ky.; Mrs. Fanny McComas, Boyd county; Mrs. Allen Hurton, Auxier, Ky.; Lewis Thompson, Medley Thompson and Johns Thompson, Boyd county; John B. and C. S. Thompson, Adams, Ky.; and W. K. Thompson, Hickory, W. Va.

## BOOMING M. S. BURNS FOR APPELLATE JUDGE.

The following dispatch to the daily newspapers will be read with interest by Louisa people:

Mt. Sterling, Ky., Sept. 21.—A boom has been launched by Republicans for the nomination of M. S. Burns, of Louisa, Lawrence county, to succeed Judge Charles C. Turner, on the Appellate bench from the district. Mr. Burns is wealthy. The names of Judge A. J. Kirk, of Paintsville, and Judge Robert Winn, of Mt. Sterling, who preceded Judge Turner on the bench, are also mentioned. Judge Turner was elected as a Democrat in the district when the Progressives made their strong fight two years ago in Kentucky.

## NEW TOWN LAID OFF IN MINGO.

A new town is to be established at the scene of the Wolf Creek lumber operations which are just being started by the Hewitt interests. The town will be known as East Kermitt. It has already been laid off into lots and an auction sale will be conducted there next week. The Wolf Creek operations are extensive and it is assured that there will be large activities there for a number of years.—Huntington Herald-Dispatch.

## WEDDING SOLEMNIZED.

A recent wedding which came as a surprise to their many friends was that of Miss Gossie Riffe and Mr. Clarence Craycraft which was solemnized in front last Saturday afternoon, Sept. 18th. Miss Riffe is a very popular young teacher of this county, while Mr. Craycraft is an electrician and holds a lucrative position in Portsmouth.—Ashland Independent.

## DR. HURT FELL DOWN STAIRS.

Dr. Hurt, the aged father of Mrs. C. M. Preston of Lexington avenue, with whom he makes his home, fell part way down the stairs Saturday evening and was bruised somewhat about the head. He suffered a severe shock, owing to his advanced age of 91 years.—Ashland Independent.

## BUYS KIRK HOME.

Dr. W. A. Berry has purchased the Kirk home in South Ashland, Dr. and Mrs. Berry and Mr. and Mrs. Thos. Young will reside in the house temporarily, hoping that the quietude will prove beneficial to Mrs. Berry's health.

The body of Howard Hornbuckle, aged one year, three months and twelve days, son of Mr. and Mrs. Luke Hornbuckle of Twin Branch, W. Va., was taken to Ashland for burial. Death was due to cholera infantum.

Mrs. W. M. Justice has with her an experienced milliner for her store, Mrs. Ida Beckstein. She comes highly recommended from one of the leading wholesale houses of Cincinnati.

## CHESAPEAKE & OHIO'S \$1,000,000 BRIDGE.

The bridge which the Chesapeake & Ohio Railway is building over the Ohio River at Sciotoville, O., will be 3436 feet long, including the approaches, and it will cost about \$1,000,000. The bridge proper is 1550 feet long, and consists of continuous riveted steel trusses supported on concrete piers 775 feet apart. This affords two clear spans of 750 feet each, which are required to avoid interference with traffic on the river, for at low water stage the traffic follows the channel on the Kentucky side, while at high water it shifts to the Ohio side of the stream. It is stated that the trusses are the longest and heaviest of the fully-riveted type ever built in this country, and that there are several other unusual and distinctive features in the structure.

This is the beginning of the Chesapeake & Ohio Northern Railroad, which will connect near Waverly, O., 28 miles northward, with the Norfolk & Western Railway, whose tracks will be used by the Chesapeake & Ohio trains on to Columbus, this trackage arrangement having been made to avoid needless duplication of tracks, the company's original intention having been to build an entirely new line of 93 miles from the river to Columbus. Coal trains will constitute the principal traffic on the new line.

On the Kentucky side the viaduct leading to the bridge is 1063 feet long, and that on the Ohio side is 823 feet. The former is on a curve, but the latter is straight. These approach viaducts will be of plate girder spans ranging in length from 67 1-2 to 110 feet, with two deck truss spans of 152 1-2 feet. All will rest upon concrete piers and abutments. The masonry is laid wide enough to add a second track whenever that may become desirable. The spans across the river are sufficiently wide for two tracks now, although only one will be employed at first. The weight of the steel used in construction is approximately 13,500 tons. Some of the gusset plates are the largest of that type ever used. The span on the Ohio side will be erected first. Work on the pier foundations, etc., is proceeding. All the work will be done without interrupting navigation.

Work began in the latter part of 1914, and it is expected that the bridge will be ready for use about November, 1916.

## ATTORNEY SULLIVAN.

Attorney Henry Sullivan of Louisa has located in this city with office rooms in the Gaylord Building.

Mr. and Mrs. Sullivan have many warm friends in Ashland who gladly welcome them to Ashland. Fred Songer is with Attorney Sullivan in the office.—Ashland Independent.

## ANNUAL MEETING OF THE S. S. ASSOCIATION.

## LAWRENCE COUNTY S. S. WELL REPRESENTED AT LOU. ISA SATURDAY.

The Annual meeting of the Lawrence County Sunday School Association held at the Christian church in this city on Saturday last, was successful in every respect. The day was fine, and delegates from all parts of the county were in attendance. Besides the delegates there were scores of visitors, making the audiences at both sessions very large. Every available foot of space in the church was occupied, the doors and windows were full and many stood on the sidewalks. The program given in the NEWS of last week was almost literally observed. In addition to those exercises Miss Maude Dance, the eloquent young Sunday school worker of Louisville, was present and gave her address on "Goals" in a way which delighted all who heard it.

At noon an adjournment was had for luncheon, which was had in the court house yard. It was a gastronomic feast, made up of all that could satisfy and gratify the most fastidious appetite. Plates were heaped with choice things, and then, with cups of fragrant coffee, were handed to every man, woman and child present, and there were many.

After all had eaten, the famous Green Valley choir favored the appreciative assemblage with some of its choicest selections. And don't you fail to remember that that choir knows how to sing. When the singers had finished the convention again met in the church and completed its business by adopting the following:

We, your committee on nominations beg leave to report.

We recommend to this convention the election of M. S. Burns as president for the ensuing year, and Allen O. Carter for vice president.

We also recommend the election of Wm. H. Vaughan as secretary for the ensuing year.

We further recommend that Miss Lucile Clay and Miss Blanche Mary Burchett of this county be appointed to represent this convention and receive the entertainment at Louisville, Ky., provided for such representatives by the Sunday schools of said city, and the president and secretary are requested to furnish Miss Clay and Miss Burchett the necessary credentials.

All of which is respectfully submitted.

JAMES FULLER  
CURT RAMEY  
J. B. ELKINS  
M. G. BERRY.

Committee.  
We your committee on Resolutions would most respectfully report:

1. We approve the call of this convention at the time and place designated.

vention at the time and place designated.

2. We extend to the good women of Louisa our sincere thanks for the sumptuous feast served on the lawn of court house square, and take this method of expressing our appreciation of their thoughtfulness in providing for the physical wants.

3. We acknowledge ourselves deeply indebted to the Green Valley choir, directed and managed by Mr. Lon Belcher for the excellent music furnished the convention. Music has its place in both church and Sunday school and without music no Sunday school will be a great success, and the Sunday school that has music such as Green Valley boasts will most surely succeed in getting children interested.

4. We would be recant to the trust reposed in us, if we were to fail in expressing our appreciation of the splendid address delivered to us this morning by Miss Maud L. Dance, of Louisville, it was inspiring and helpful, full of good suggestions, and calculated to inspire Sunday school superintendents, teachers, and officers with higher purposes and larger endeavor, suggesting large thing on a large scale, greater undertaking and a goal for each school, a purpose in every school, a purpose in every life.

5. We extend to our worthy County President, Hon. M. S. Burns, and to our efficient County Secretary, Miss Emma Thompson, the thanks of this convention for the splendid work done by each of them during the past year. They have been faithful officers and deserving of the highest commendation of this annual convention.

All of which is most respectfully submitted.

## ELECTRIFICATION OF N. & W. RAILWAY.

The Manufacturers Record says:—A great bit of work finished this summer was the electrification of about 30 miles of the Norfolk & Western Railway between Bluefield and Vivian, W. Va., to handle the heaviest coal traffic over heavy grades on its way to the water, and which has fully realized expectations in the matter of economy of operation and increase of operating capacity. The opening to traffic of the Carolina, Clinchfield & Ohio Railway's extension to Elkhorn City, Ky., must also be remembered. It cost \$5,500,000 and required several years to build, and down at Dallas, Tex., there is under construction a \$5,000,000 passenger terminal for the use of all the railroads entering there, while the Louisville & Nashville has ordered 43,000 tons of steel rails and the Atlantic Coast Line 20,000 tons. These and various other betterments of different degrees of magnitude are now in progress, affording encouragement and promise of general improvement in industry and enterprise. They show that despite many handicaps the railroads of the South are preparing for great things in the future.

## MRS. STEWART ILL AT FRANKFORT.

Quite a number of educators of Ashland expected to meet Mrs. Cora Wilson Stewart, who was to come from Frankfort Sunday. She was to have been there only a half hour, and would have left on the Big Sandy train for Paintsville, where she was to be instructor at the Institute. However, all were disappointed, as they learned after the train arrived, that Mrs. Stewart was quite ill and unable to make the trip.

## APPELLATE COURT IN SESSION AGAIN.

Frankfort, Ky., Sept. 20.—The Court of Appeals reassembled today for the September term. All the judges were in the bench and Chief Justice Miller presided. At the January term the successors to Judge S. C. S. Nunn and J. B. Hannah will ascend the bench. Court adjourned until Wednesday.

## ENGINEER KILLED IN HIS CAB.

Leaning too far out of the engine cab, A. N. Sidebottom, a Chesapeake and Ohio engineer, was instantly killed near Logan when his head struck a water tank.

The train was going at a rapid rate of speed and ran wild for several minutes before Fireman S. M. Long discovered Sidebottom's lifeless body in the engine seat.

## CONTRIBUTION OF CANINES.

The dog tax, after paying for the sheep killed, will contribute \$39,622.46 toward the education of the 743,501 school children in Kentucky this year. While it will go back to the counties from which it originated, and while some counties exhausted the fund paying for dog-killed sheep, which makes the distribution unequal, the dogs will have contributed a proportionate share of the State school fund amounting to over 18 cents for each child.

## KNOTT COUNTY PRIZE WINNER.

Orville Botright and Thos. Jones, champion corn and pig raisers respectively, of Knott county, stopped off Saturday evening on their way home from their prize winning trip to the State Fair at Louisville, with the family of W. H. Selbee. The boys were delighted Sunday with a walk across the bridge into West Va., this being their first trip out of Kentucky.

## MARRIED IN BOYD.

### WEST VIRGINIA ITEMS OF NEWS.

Hundreds of lives were imperiled in Court street, at Wayne, on Tuesday, the 7th inst., when two giant bulls, brought to Wayne for exhibition at the horse traders' convention, fought, throwing the crowd into a panic, in which the lives of many women and children were endangered. The animals were of the Hereford variety and weighed respectively 2,350 and 2,000 pounds. They were owned by J. M. Booth and W. M. Jackson.

They were in the center of a crowd of three or four hundred persons when one of the animals attacked the other. The fight lasted some ten minutes, and the animals were finally parted by their owners.—Wayne News.

#### Death Comes To Pioneer Citizen.

The countless friends throughout Mingo county of Mr. A. J. Spaulding, will be deeply shocked to learn of his death which occurred on Friday of last week at his home on Jennies creek. Although advanced in years, being 75 or 76, Mr. Spaulding until a short time ago was as active as a young man and apparently in good health.

The cause of his death was dropsy, from which he suffered acutely only a short time. About three weeks ago he came to Williamson for treatment but nothing could be done in the way of permanent relief and he returned to his home knowing his days were numbered, taking his fate stoically and bidding farewell to many of his friends.—Mingo Republican.

#### Whiskey Shippers Getting Wiser.

Whiskey shipped from Catlettsburg, and other border towns, for Charleston and other central cities, is being shipped clear across the state to Alleghany Station, Va., and then shipped back to its intended destination. This ruse is being worked, in order to mislead the prohibition officers, as the east bound trains coming into West Virginia, from the dry territory of Virginia, are not watched so close as those coming from the west, and the wet territory of Catlettsburg. The officers however are getting on this little game, and several arrests have been made on east bound trains, and large quantities of liquor have been confiscated.

#### New Fire Law in Strict.

Farmers of West Virginia this fall when they start clearing off brush and timberland will come in contact for the first time with a strict law passed by the last legislature.

Under the new law it is unlawful for any person or corporation to land owners to set or procure another to set fire to any woods, brush, logs, grass or clearing upon their lands unless they shall previously give notice of their intention of firing such lands to adjoining land owners and have

taken all possible precautions against the spread of the flames from their property.

#### Spirited Meeting of Coal Operators.

Fairmont, W. Va.—A spirited meeting of the Central West Virginia Coal Operators Association was held here yesterday for the purpose of organizing against the proposed increase of fifteen cents a ton in freight rates on western shipments.

#### Woodmen's Dance is Broken.

Up by Fatal Shooting. Elmer Shafer, 21 years old, of Poca, was fatally shot in a drunken brawl at Sarver, about 18 miles above Clover, on Coal river, Saturday night. Who fired the fatal bullet is a question that the authorities have not yet succeeded in deciding as there were at least six men engaged in the fight.

Witnesses at the hearing testified that all of those involved in the fight had been drinking, whiskey having been supplied to them by a man by the name of John Bird, who has disappeared and is being eagerly sought by the officers. None of the others directly concerned made an attempt to escape.

#### Railroad Work Along Guyan.

Talk of the railroad along Guyan river has been revived again by the reported activity of the Virginians. The Huntington-Herald Dispatch says: Word of a new railroad extension bisecting Wyoming county, and piercing the heart of what is said to be the state's richest coal mining territory, was received in Huntington Monday, from an authentic source.

#### Fatal Mine Accident.

John Henry Harris, a colored miner, was crushed to death by a motor at Holden on Monday. He was about 35 years of age. The body was shipped to Richmond, Va., for burial.—Logan Democrat.

#### ROCKY VALLEY.

The people of this community are well pleased with Mrs. Sadie Stansbury as our teacher.

Miss Blanche Vinson, who is teaching school at Crum, W. Va., spent Saturday and Sunday with some folks and was accompanied by her cousin Miss Edna Payne of Keokuk, W. Va., and brother.

Mrs. Rebecca Murphy was shopping in Louisa Tuesday. Miss L. B. and Myrtle Vinson attended church at Summit Sunday last. L. A. Vinson made a business trip to Louisa Saturday.

Miss Mahaley who is of Three Mile was visiting Mrs. W. S. Vinson and returned home Tuesday.

Sam Hardy has purchased a fine cow.

The little son of Mr. and Mrs. L. B. Vinson is very sick. The crops are looking fine and the farmers are now cutting their pasture fields.

Several of our place are planning on attending the fair at Louisa. Bill Little and D. L. Maxwell passed through here with a nice drive of cattle last week.

Mr. and Mrs. L. B. Vinson will soon move to Spiders, W. Va. where they will spend the winter.

Oscar Vinson was calling on Wayne relatives Saturday and Sunday.

Miss Myrtle Workman spent Sunday afternoon with her cousin, Miss Ethyl Cox.

A large and interesting crowd was out to Sunday school Sunday.

Ed Vinson, who is working at Borderland called on home folks Sunday.

Thoran Wellman of Mill creek called on Ethyl Cox Sunday.

Lan Vinson called on his grandfather and mother on Mill creek Saturday and Sunday.

There will be church at this place third Sunday by Rev. Tigar at 9:30 o'clock. I'll be there.

#### SUMMIT.

On Sunday morning, Sept. 19th the angel of death knocked at the door of the home of Chas. A. Sammons and bore away to the realms of the blest the pure spirit of little Charlie, infant son of Chas. A. and Mary Sammons, aged about nine months.

The fatal brain fever struck him on the 17th, and it was apparent from the beginning that he would have to go. All that could be done by tender and loving hands was done for him.

The funeral took place on Monday afternoon at the family burying ground near the home, conducted by H. W. Lambert and W. D. See. A large concourse of people were present, the music was beautiful and appropriate and a large assortment of flowers of rich color, the gifts of sympathizing friends were in evidence.

To the bereaved family we would say, cheer up, little Charlie has gone to Heaven to live. COUSIN.

#### TWO WILD ROSES.

#### YATESVILLE.

Died on the 16th inst. Mrs. J. M. Riffe. She was nearly 84 years old and leaves a husband, J. M. Riffe and a host of relatives and friends to mourn their loss. Grandma Riffe, by which name she was commonly known by all the little children of the neighborhood, was one of the kindest hearted women of our community, she being not only a mother to her own children and grandchildren, but a mother to all the poor and needy children within her reach, irrespective of relationship. The burial services were conducted by the Rev. John Thomas, of the Christian church and who on the occasion and from start to finish used very appropriate words.

Quite a lot of people went from here and from the back country to the County Sunday School Convention at this place last Saturday and at which time

### "WHY WOMEN CANNOT SLEEP."

The highly organized, fairly strong nervous system of women subjects them to terrors of nervous apprehension which no man can ever appreciate.

The peace of mind, the mental poise and calmness under difficulties, which is necessary for happy womanhood, is only possible when the sensitive feminine organism is in a perfectly healthy condition. If there be any weakness or derangement in this respect no remedy in the world so completely restores womanly health, nervous vigor and capability as the wonderful "Favorite Prescription" invented by Dr. R. V. Pierce. It purifies, heals and strengthens; insures functional regularity; provides physical reinforcement and sustaining power at periods of special weakness and depression.

Covington, Ky.—"For about twenty years I have known of Dr. Pierce's Favorite Prescription. I began using it because a friend recommended it. When I used several bottles of this well-known remedy, it always helped me just as it is advertised to do. It is the most pleasant and the best woman's medicine I have ever used. I have recommended it to several others. My daughter has also used it with just as good results as I have."—Mrs. LUCETTA GIBSON, 1338 Greenup St.

and place the Green Valley choir was in attendance. Everybody speaks in very glowing terms of the fine time they had, especially the choir, who say they were never treated more nicely anywhere in all their lives. They also say that when they reached town they were joined by M. S. Burns, who proved to be one of the best singers they had.

We had preaching Sunday evening by the Rev. Booth. Everybody is well pleased that Bro. Booth is back on our work.

A great number of people from here went to a big meeting at Jeff Collinsworth's on Catt last Sunday, at which time and place the funeral of a little girl of Mr. and Mrs. Collinsworth, that had died some weeks ago was preached by Revs. Canaday of Catt and H. H. Hulet of Louisa.

Dell Muney mourns the loss of a fine mare, which is the second horse he has lost since last spring. Such losses fall somewhat heavily on a hard working man like Mr. Muney. COUNTRY GREENHORN.

#### TUSCULA.

Mrs. Grace Graham, who has been in Ark. for several months, is visiting her parents here. She will leave this week for Northern Ohio, where she will join her husband who has employment there.

James Coffee, who has been confined to his room so long, is not expected to last much longer as his condition has grown rapidly worse the past few days. Rev. Harvey had meeting there Sunday evening and Revs. Crabtree, Hicks, Bishop and others had meeting Sunday night.

Becoming tired of single life Frank Harman surprised his many friends last week by bringing home a beautiful and an accomplished young bride. The bride is a daughter of Mr. and Mrs. Martin Hicks, who the groom is a son of Rev. M. Harman and is an honest, hard working and deserving young man. We wish them success in life.

Our Sunday school is preparing to have something of interest for those who attend our Children's Day exercises next Sunday.

Rev. Harvey preached one of characteristic sermons here Sunday morning.

A number of our people attended the funeral at Columbus Sunday and report a great meeting.

Bill Jones left last week for Ohio to cut corn and Allen Smith will go this week.

Chris Queen of Glenwood, was here Sunday renewing old acquaintances and smiling as usual.

### WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

The Tuscola plugs went to Glenwood Saturday and crossed bats with the Glenwood Silverides. The odds were in favor of the Silverides till Buck Jordan lifted the ball clear over the field, cleared the bases and made a home run. Independence reigned and the Plugs won an easy victory.

The Silverides are very much chagrined over their defeat as they thought they were invincible. OLD LEM JUCKLENS.

#### IN MEMORY.

Death visited the home of the Stambaugh family and took away their dear father, Thomas Stambaugh, to live and reign in heaven with the King of Glory. Bro. Stambaugh had been suffering for almost five years with a liver trouble, and about two weeks before he died he fell from a wagon and was mortally wounded. The people of the whole country visited him through his illness, and at his death they bitterly mourned the loss of their best friend. He leaves many friends, a wife and seven children to mourn his loss. He was honest, reliable and industrious and was a man of splendid character, and was loved by all who knew him. During his illness he was waited upon by three of the best doctors in the state. But it was God's will that took him away from his dear ones, who will receive a happy and a golden crown and sit down at the right hand of Jesus and sing with the angels that beckoned him to come and dwell with his Savior. He left a good legacy for his wife, and each of his seven children. His youngest child was 15 years old, there being six boys and one girl. Bro. Stambaugh was a kind, unassuming, moral and religious man. He was 55 years, 1 mo. and 12 days old, and had been a member of the church of Christ 30 years and lived a consecrated christian. Weep not friends and loved ones over the loss of Bro. Stambaugh, but prepare to meet him in heaven where parting comes no more, where all is joy and where there is no sorrow, but all will be light and love. He is gone but not forgotten, and by the promise of our Savior we will meet him again some sweet day. He died Sunday, Sept. 12, 1915, was buried on his own farm Monday. The funeral services were conducted by the Rev. William O. Dixon of Haines. It is hard to give up our father but the power of God extends beyond that of man. And at the burial his loved ones bid him farewell by saying:

(1st verse.) We loved him, yes we loved him, but angels loved him more, and they have sweetly called him to yonder shining shore.

(2nd verse.) The Golden gates were opened, a gentle voice said "come" and when farewell he had spoken he calmly entered home.

(3rd verse.) Dearest father thou hast left us and your loss we deeply mourn but 'tis God that hath bereaved us and has come to claim his own.

May the blessings of God rest upon the brokenhearted family and may they be ready to meet their dear father who has passed through the pearly gates of the new Jerusalem and is now shouting "Glory to God," and is singing "Hosanna to the King."

One of his many friends, HANNAH RICE.

#### RESOLUTIONS.

Resolutions for East Fork, Dry Fork and Catt's Fork Sunday school convention held at Green Valley Sunday school Saturday, Sept. 11, 1915.

We, your committee on resolutions, beg leave to submit the following:

First, That we approve the time and place of holding this convention and thank our president and secretary for their untiring interest and zeal in the work.

Second, That as our country Sunday school convention meets at Louisa Sept. 15, that we urge every school in the jurisdiction of this district to send delegates who will be entertained here.

Third, That the time is fast approaching if not here when sectional lines no longer divide the people, and they are uniting for the purpose of fighting the devil and continuing the warfare till he is driven from our land.

Fourth, That we as christians deplore the condition of Europe to-day and pray that peace may soon be restored and that a great christian brotherhood may reign and rule instead of war.

Fifth, That we thank the choir for their music that was such an inspiration to our convention.

Sixth, That we thank the good people of this community for their hospitality which was unbounded and pray the rich blessings of heaven upon every one of them.

Seventh, That we thank all who so nobly contributed to the success of this convention.

#### IN MEMORY.

Mrs. Elizabeth Frasier was born Sept. 15, 1881, died Sept. 6, 1915, aged 33 yr. 11 mo. 21 days. More commonly known as "Bettie Frasier." She was the wife of M. C. Frasier. Died of tuberculosis, leaving a husband and four children, viz: Charrett, Lammie, Stephen, Emma Belle. She had been ill for some time, yet when the summons came she sank peacefully to rest in the arms of Jesus. Surrounded by her children and friends, who had done everything that loving hands could to relieve her suffering yet to no purpose. God called her to himself. Funeral services were held at Buchanan chapel, with the honors of the order of I. O. O. F. conducted by Rev. Robt. Billups of Big Hurricane, W. Va., who in beautiful and touching words gave a brief and concise account of her life.

Bettie had led a devoted christian life for the past fifteen years, being baptized and joined the Missionary Baptist church. Beautiful and appropriate songs were sung after which the remains were laid to rest in the Buchanan chapel graveyard. Fragrance of lovely flowers were wafted out upon the air as they were scattered over the grave, as tokens of love from those left to mourn her death. In the still, lone hours of night death came with his loving arms. He bore her away to his home in heaven. In his ever fatal grasp gone to her peaceful rest, her work is done; her journey is ended. All her sufferings are over, gone to her bliss reward her better home where toil and care are known no more.

In the friends and relatives we extend our heartfelt sympathy in this sad hour.

### TIPPERARY.

### TUSCOLA.

I notice that all horses entering the show grounds of the fair to be held at Louisville this fall and above a certain age must be shown under the saddle. Kentucky horses naturally divide themselves into four classes, as the draft horse for strength, the harness horse for the buggy, the saddle horse for his easy gait, and the race horse for speed.

The saddle is in its place on the race horse or saddle horse, but on the back of a harness horse or of a big fat-backed featherer it is as much out of place as it would be on the back of a jersey cow or of a big shorthorn bull.

Moreover, horses in one of these classes should not be required to compete with horses in another class, except for the sweep stakes prize, as they are separate and distinct animals and are shown for entirely different purposes. And if there should be a higher premium given for any one of these classes it should go to the draft horse, as he is the real business horse of the bunch.

And the same care that should be exercised in the classification of horses should be observed in the classification of cattle, sheep and poultry.

Now, these suggestions are not offered through any selfish motives, as I have nothing to enter this year. They are offered that the fair might be the better enabled to serve its mission, the education and betterment of the people.

C. B. STEWART.

### BIG BLAINE PRODUCE CO.

We are now located in two counties as dealers in the grocery, hardware and produce business. My youngest brother is doing business for me and we hope the Johnson county people will pay high for eggs. I want him to go in the lead. He pays 24c doz. for eggs, at Chandlerville, Ky. Strict cash business.

The way we are located now we do more business with our money than lots of dealers can with \$20,000. We show the other dealers how we can. We get more money in circulation than any ten stores. Big Sale going right on. Come. We give away 5 gal. jug, baking powder, sample Honey & Tar, free next 30 days, to old ladies bringing their eggs here, 23 lb. fine white salt for 12 eggs. 25c bottle liniment only 10 eggs. 16 oz. Snow King baking powder, 4 cans for 13 eggs. 4 lb. No. 6 sugar, 12 eggs. See many other articles, 18 bars castle soap only 12 eggs. 4 bars in one stick. We pay 35c lb. tub washed wool. Sheared from sheep, 25c and 28c, green cow hides, 12c, salted, 14c. Horse hides, mane and tail, \$1.50, \$2.50, \$4.75. Sheep hide 25c, 50c, 75c. We buy everything. We sell to the consumer cheaper than lots of big dealers can buy. Some dealers in dry goods and groceries circulated to the jobbers that we sold pure lard for \$4.50 can. The statement is false. We certify that we never sold a can of pure lard for less than \$4.99, 2 cans only. Our price \$5.25 can. Some have tried every way to get the jobbers sore at us. We have got the backing. We are independent as Rockefeller. We six years ago stood at the foot, in Dun & Bradstreet. Today we stand head in our country and at the Bank of Blaine, Ky. We are the leaders at our two stores. Our trade is increasing at our Big Sale. Ask the jobber. We buy big bills, we pay, and the world can't beat it. We buy 1100 lb. coffee, one order, 100 cans pure lard one order, 100 bbl. flour one order. We are just what we are. We hope every dealer succeeds. We aint sore at any one. The dollar is what we look on. Success to the world. We remain, leader on eggs.

## TO THE VOTERS OF LAWRENCE COUNTY.

Since talking with quite a number of my friends and acquaintances of considerable influence, and believing that I have a good chance to win, I have decided to make the race for Sheriff in 1917. I have never asked for any office before and if the Republican party will assist me in becoming the nominee in the primary I will assure them of victory in the final race. Earnestly and sincerely asking the support of our party, I beg to remain, respectfully yours,  
H. B. MUNCY.

The opening of the Democratic State campaign at Bowling Green Monday was a big affair and a success from every standpoint. On our 7th page will be found a full report of Mr. Stanley's speech.

Amid the plaudits of thousands of Democrats and with able speakers expounding the party doctrine, the Democratic State campaign was formally launched at Glasgow. The attendance was estimated at 10,000 in 12,000. A. O. Stanley, candidate for Governor and Judge James D. Black, for Lieutenant Governor, were the principal speakers.

## WHY WE ARE FOR STANLEY.

The Flemingsburg Times-Democrat says:  
Because he is a Democrat and will hold up the hands of Woodrow Wilson when he takes the place of Governor of the Commonwealth. So far as his views on the liquor question are concerned, we differ from him as widely now as during the late campaign. But that is not now an issue. The issue now is between the Democratic and Republican parties, and as a Democrat the editor will support the Democratic ticket.

And we are for Mr. Stanley because if the conditions had been reversed we should have called upon the friends of Mr. Stanley to vote for McChesney just as they did vote for and elect Senator Beckham after he had licked Stanley in the primary.

These are a few of the reasons why we shall vote and work for the election of A. O. Stanley in November.

## SCHOOL FOR DEAF OPENS.

The Kentucky School for the Deaf is one of Danville's busiest spots today, as several hundred students and wagon-loads of trunks and other baggage are being received at the various buildings. The institution has almost 500 students each year, and these, with the many teachers, constitute quite a large family for Supt. Rogers to manage. But he is right on the job and there is little or no confusion in putting the works in operation.

Several days prior to the coming of the students, teachers are sent to designated cities and towns in Kentucky where the smaller children are brought by their parents. They are then taken in charge by the teachers, who bring them safely to Danville. The Messenger is told that a child has never yet been lost, so careful are their guardians and systematic the plans for transportation.—Danville Messenger.

## LETCHER COUNTY AND WHITESBURG.

## What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., Sept. 22.—County Judge Henry T. Day and members of the Letcher Fiscal Court advise that bids will be received from 1 to 6 o'clock to-day for the building of the several miles of model roadway up the North Fork of the Kentucky river to the vicinity of the Mouth of Colly Creek. If bids are acceptable the construction of the road is to start at once so as to gain as much headway as possible before the advent of bad weather.

Besides road building Letcher county will build two or three steel bridges within the next few months spending thousands of dollars in the work. Mr. E. J. Hise of The Champion Bridge Co., of Wilmington, O., has been in the county looking over the locations of the proposed bridges, and it is expected that his company will be the lucky bidders on the bridge work.

The Champion Bridge Co. have already built a number of bridges in the county all of which are perfectly satisfactory.

Tuesday, Sept. 21, was a red letter day for Letcher county republicans as Whitesburg had the honor of entertaining the Hon. Edwin P. Morrow of Somerset the Republican nominee for Governor who spoke in the county court house at 1 o'clock to the largest crowd of voters from most every section of the county seen in Whitesburg for a long time. Other notable speakers on hand were Congressman John W. Langley of the Tenth District, and Hon. John F. Butler of Pikeville Republican nominee for Circuit Judge of the new Letcher-Pike district.

News by telephone from Little Leath creek, Letcher-Perry border brings the information that Calloway Holcomb a farmer of Line Fork creek was killed by a rolling log while employed by Callahan & Sons, lumbermen. According to the information received here Holcomb was caught between two large saw logs, his left leg practically severed and otherwise severely injured from the effects of which he died within a few hours.

Holcomb leaves a wife and six children, most of whom are small. He was a member of the well known Holcomb family of Line Fork. The unfortunate circumstances are deeply deplored.

Several members of the Letcher Co. Co. National Guard including Stephen P. Cornett, W. H. Kiner and others left for the Annual Shoot at Earlington, Ky., where the prize will be for a number of the prizes offered by the State. Among the number going are some of the sharp shooters of the mountains and they are sure to return with some of the prizes, besides honors a plenty.

Advices from the Cumberland river section of the county says engineers are locating an extension of the Kentucky and Virginia, formerly The Walsoto & Black Mountain railroad, from Benham in the Harlan county coal fields up Cumberland river thru an extensively rich coal and timber section of this county and so on into Wise county, Va., terminating at Norton the terminus of the Louisville & Nashville and the Norfolk & Western roads, a distance of about 50 miles. About three weeks ago the Walsoto & Black Mountain changed the name of the road to the Kentucky and Virginia and announced plans were under way for the extension of the road. Since the announcement of the building of the road real estate values have made a big increase, although much of the property along the route has been blocked by the big corporations, awaiting railroad facilities.

This is believed to be the most important railroad extension planned in Eastern Kentucky or Southwestern Virginia in several years. It is said that immediately following the location of the road a contract will be awarded for its construction.

The Eastern Kentucky coal field is enjoying much industrial activity during the past few weeks, all mines running at full capacity turning out thousands of tons of coal for the markets of the country. The coal business has increased at a lively rate all over the country, and operators are having no trouble now selling their product at a much better price. Hundreds of new mines have been added to the Elkborn coal fields within the past few weeks.

The Lexington & Eastern pay train made a trip up over the North Fork extension between Jackson and McRoberts distributing thousands of dollars to its employees. At this time the L. & E. is doing a lot of important work on the road bed, getting in readiness for the coming winter months when increases in coal shipments from the coal fields above here is to be made.

In order to handle the big tonnage additional trains will have to be added.

## THE EVIDENCE IS AT YOUR DOOR

Louisa proof is what you want and the statement of this highly respected resident will banish all doubt:  
A. Wellman, butcher, Cross St., Louisa, says: "My kidneys gave me great annoyance for years. The action was irregular and the kidney secretions were unnatural. I had backaches, too. Different medicines I used gave no benefit until I began taking Doan's Kidney Pills. In a short time I began to feel better and before long I was strong and well. Doan's Kidney Pills are the finest medicine I ever used and I never tire of praising them."

All persons wishing to attend the meeting from the Big Sandy section should buy a ticket over the C. & O. to Hawkins. There you change cars for Riceville. From Riceville to Salyersville it is only seven or eight miles. This distance will be made by hack. The people of Salyersville will arrange to furnish, at a small cost, transportation to all who may come. This is going to be a great meeting and since it is the educational organization for the whole Tenth Congressional District each county in the district should try to have as large a delegation as possible.

We want our enrollment to reach 500 if possible. Will your county have its quota there? Get your trustee to go. It will do him good. Bring a neighbor or two along with you.

The people of Salyersville and Maggotin county are expecting you to come. They are preparing to show you a good time. Will you be there? Many things of interest and importance will be discussed. Some of the best educators of the State will be there. Old friends will have a chance to meet. New friendships will be made. Come on and be one among us.  
W. B. WARD, Secretary.

ELECTION COMMISSIONER UNTIL AFTER ELECTION.

Frankfort, Ky., Sept. 18.—Until after the election, at least, Walter S. Harkins, a lawyer at Prestonsburg, will be Democratic Election Commissioner of Floyd county, and will participate in appointing the precinct election officers. The suit of County, Chairman A. J. May and members of the committee to require the State Board of Election Commissioners to rescind the appointment of Mr. Harkins and appoint one of the five men recommended by the committee was dismissed on demurrer for want of proper parties. No resolution of the committee, directing suit, was shown, and five of the eleven members, named as parties, filed affidavits that they desired to withdraw from the action. Judge Stout of the Franklin Circuit Court, said that while Mr. May has a right to bring such a suit, he must do so as an individual. Attorneys for the

members of the Election Commission then said they would not enter appearance in such an action, and Commissioner Montgomery is in California. Consequently, this delays the suit until after the election.

When the State Board of Election Commissioners met to appoint county commissioners, Judge D. W. Gardner, who defeated W. H. May, brother of the county chairman, for the Democratic nomination in the Thirty-first district, protested against the selection of a name from the list of five submitted by the Floyd County Committee. He insisted that they were not qualified as regular party men, and produced a copy of the Prestonsburg Post, containing a long article signed by W. H. May, declaring he had been defrauded out of the nomination and saying:

"Many of my good friends have urged me to contest, but I am not a believer in contests in courts. I think the contest ought to be waged before the people in a fair election," and further saying: "I trust that you, along with me, will bear in mind a few men who have bitterly fought me without cause."

Judge Gardner insisted upon the appointment of a county election commissioner, who would select precinct officers not hostile to him. Chairman May insisted that the committee's list be made up of good Democrats and that the State Board is bound to recognize the right of the party, authority to recommend a commissioner. After a consultation, the State Board appointed Walter S. Harkins, who was recommended by neither side.—Courier Journal.

## KENTUCKY STATE FAIR.

The following letter written by Mr. Kegley from Louisville arrived too late for publication last week, but the items are interesting enough to be worthy of a place this week.

The State Fair is a howling success. Horses are stepping smoother than ever and the large herds of fat cattle move about with a pride that is satisfying to the exhibitor and the

spectator. The splendid horse show held each evening is one of the most popular features of the fair.

Our State Agt. in Farm Dem. work says the best illustration of Team Work is in The Woman's Home Dem. Dept. There is a splendid exhibit from each of the twenty-six counties in the work.

Mrs. Wolcott showed me a jar of plums from Madison county and said there is the nicest pack of fruit on exhibit. Then she picked up a can of beans from Lawrence county and exclaimed: "This would win first premium for the best pack of vegetables if there had been any premiums offered for individual cans." This quart jar of beans shows the pains taking work of Miss Gault and Mary Turman, one of her pupils. After our Co. Fair this pack of small beans will be used by our State Agt. in an exhibit that will be made in The Girls' Club Work Dept. in Washington City.

Lawrence county must surely have a complete exhibit here next year. We can make a very creditable showing and if we will only get busy in time we will later on be very proud of the attempt.

Very truly yours,  
E. S. KEGLEY, Co. Agt.

## PRESIDING ELDER HOLLISTER

The Russell Times says of the new Presiding Elder of the Ashland District of the M. E. Church South:

"Rev. A. A. Hollister returned home this week from attending Conference at Clarksville, W. Va. Rev. Hollister was appointed Presiding Minister of this District which is composed of nine counties in Eastern Ky. The district has 74 churches with a total membership of about 7000."

The many friends of Rev. Hollister of this city will regret that he cannot serve them but are pleased to know of his promotion to the responsible position of Presiding Elder and also will be glad to receive Rev. Wright to this city as he is recommended as a splendid pastor. Rev. Hollister will move as soon as arrangements can be completed to the District parsonage on Winchester avenue in Ashland.

## LICK CREEK.

W. H. Sebastian has returned to the coal fields after a few days visit with his family.

Mr. and Mrs. Bob Calnes, of Fallsburg, are attending the fair. Mrs. Calnes, brought in a subscriber, as usual. She has been taking the NEWS ever since it started and has sent us many new subscribers. Her kindness is much appreciated.

The Rev. W. G. McCready, D. D., of the Episcopal Church, was here on Friday last, leaving on Saturday for Jenkins, where he goes twice each month. Dr. McCready will probably come again to Louisa some time in October, when he will speak several times to the public.

George Cram, 56, has just been freed from Sing Sing prison, where he was sent 25 years ago for killing his wife. He looks far younger than his years. To get out into the world again after 25 years behind prison walls has been a wonderful experience to him, he says.

A two million dollar corporation is building a plant at Cannel City, Ky., for the manufacture of dye stuff. Most dye stuff for the United States has heretofore been imported from Germany, but the war is on now and Germany is making a different kind of dye stuff.—Logan Democrat.

Miss Jerrie Weaver, one of the best known teachers in Boyd county, died recently in Asheville, N. C., where she had gone in search of health. The body was brought to Ashland for interment. Miss Weaver was a very bright, intelligent young woman whose death is a distinct loss to the teaching profession.

Rev. and Mrs. Howard Trent left Tuesday for their new work at Polk, where Mr. Trent is the pastor of the second Ashland M. E. Church. Mr. Trent and his amiable wife made friends here who will not forget them and who were loth to have them go, and whose good work follows them.

FOR SALE:—100 acre farm, good 6-room house, outbuildings, water, orchard and grass. If sold in 90 days, \$1500.00. Within one mile of C. & O. station. For further information, call on or write M. F. CONLEY or EZRA HATTEN care Big Sandy News. 9-17-15.

The Rev. W. C. Young, the recently appointed pastor of the M. E. Church, this city, arrived on Saturday last and preached to his new charge Sunday morning and night. Mr. Young is not entirely unknown to our people, as a few years ago he was one of the preachers at the camp meeting held at the old camp ground just above town. He is an earnest, pleasant speaker, deeply imbued with the spirit of his calling, and he makes a good impression upon all who heard him. He and his wife will be at home at the parsonage as soon as their household goods arrive.

Ashland, Ky., is the coming town on the Ohio river. If you want to buy property, either at home or business building, we have it, for cash or on easy terms.

We also have some fine farms bordering on the Ohio river. Write us what you want, or better come and let us show you. 10-1.

M. J. ALLEN 415 W. Greenup ave. ASHLAND, KY.

Some cases of diphtheria have been reported being in Louisa, and as a measure of precaution the County Health Officer, Dr. A. W. Bromley ordered the closing, for a short time at least, of the public school. The NEWS does not believe that the disease is apt to become epidemic at this time. Rumor has more cases than really exist. Some of the cases are doubtful, and the physicians attending the patients admit this. But there has been one death from the dreadful malady, and it certainly is the part of wisdom to take every possible care to stop its spread. Therefore, it is well to isolate every case of sore throat, particularly one showing deposits, and to treat it as diphtheria. Diphtheria is essentially a disease of the air passages and the throat, but it attacks all mucous surfaces. Dirt invites the disease, therefore it is highly important that the nose and mouth be kept clean. Use a gargle of some good antiseptic, listerine or glycerine for instance, and spray the nostrils with a weak solution of one of these drugs. So much for prevention. For cure consult your physician.

REWARD OFFERED. Frankfort, Ky., Sept. 17.—According to a letter from the County Judge of Boyd county, the gang which murdered and robbed Joe C. Gibson, the Chesapeake & Ohio engineer, at Ashland, September 2, was composed of Abraham Smith, alias "John Henry," alias "Black Texas," now under arrest; a negro called "Blue Steel," William Williams, whose more familiar title is "Road Sport," and Major Head, alias Stonewall Jackson. The last three are still at large. At his request Gov. McCreary offered a reward of \$100 for the arrest and conviction of any one of the three alleged accomplices.

Death of Frank Blevins' Son. Mrs. Robert Keggs of East Carter avenue, received a telegram today, announcing the death of her nephew, Richard Blevins at Palatka, Florida. He has been down south for three or four years in company with his aunt, Miss May Wortman, who kept a boarding and rooming house for tourists in Tampa, Fla. They started to Ashland a few weeks ago on a motorcycle and expected to make the trip through, but on reaching Palatka, Florida, stopped to visit friends, and both were stricken with typhoid fever. Word came this morning that Richard Blevins had died last night and his aunt was very low. The deceased was eighteen years of age last June. His mother and father are both dead. He is well known in

Ashland and his many friends will be grieved to learn of his death. His body will be brought to Ashland, and the funeral services will be in charge of the Christian Science Church, either Wednesday or Thursday. His remains will be carried to Hamden, Ohio, and laid to rest beside his mother, who passed away when he was very young. His father, Frank Blevins, C. & O. conductor, died several years ago from a wound he received while trying to maintain order on his train.—Ashland Independent.

The dead boy was born in this city, where his parents lived for some time, on Look-av.

## "P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers *all* questions! *And it does!* Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

## PRINCE ALBERT

the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours

straight without a tongue-kick! You get the listen of that.

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, *but you dassn't*. Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy'us and cigarette makin's happy—and *that's just what's coming to you!*

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's due you, and coming to you quick as you jump that fence into the Prince Albert pasture? *Come on out* and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here's the latest member of the "old-time jimmy-pipe" club. It's a fine likeness of John E. Bach, 101 years old, of Newark, N. J. He has been a pipe smoker for 80 years. Mr. Bach, who enjoys his smoke every day, gives this idea of a long life: "Smoke all you want, eat all you want, sleep all you want—and don't worry!"

P. A. is sold every-where in tippy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—that classy crystal-glass pound humidors with the sponge-moistener top that keeps P. A. bang up.

#### Life With An Inspiration.

Stick to your dream, boy. Let nothing swerve you from the path that leads upward toward the fulfillment of your life's ambition.

You will meet with difficulties and discouragements, but when you do, just think of the man, Herreshoff, the boat builder, who died the other day in Rhode Island. In his life you ought to find inspiration enough to lift you over any obstacle.

A writer in one of our exchanges says that when John B. Herreshoff was a boy his ambition was to design and build the fastest boats in the world. He became blind while yet a boy. That would have discouraged any ordinary boy, for how could a blind man design a model that he could not see? But Herreshoff was no ordinary boy. He stuck to his dream. The heavy handicap of blindness only made him press on all the harder.

The blind boy sat in eternal darkness and whittled out his boat models. Gradually there developed in his fingers a muscle sense that was worth more to him than eyesight would have been. Slipping the model of a boat through his hands he could tell how it should be shaped to slip through the water with the least resistance. Other designers figured out their models by complex mathematical calculations. But the blind boy felt with his sensitive fingers, and his models were the best, for when he was twenty-four years old he built the fastest yacht the world has ever known and, while he could not see the boat go, he felt the dash and plunge and swiftness of it, and he wept when they told him his boat had won the race.

He built the yachts Vigilant, Defender, Columbia, Reliance, that conquered the series of Shamrocks in the races for the American cup. He built up a great constructional industry. The government of his own country

had him for a hero.

# OPENING GUN IS FIRED BY STANLEY

## Thousands Attend Rally of Kentucky Democrats at Glasgow

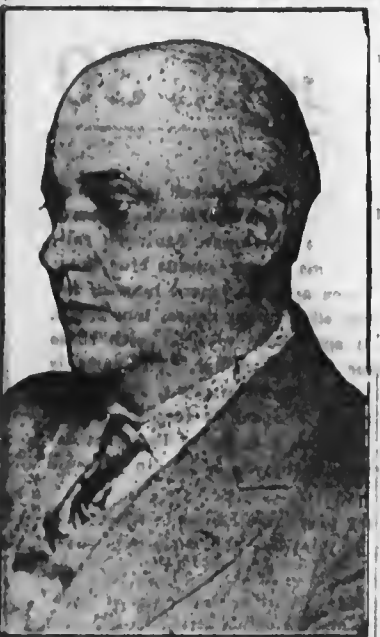

### Party Leaders Jubilant

Burgoo is Served in Huge Quantities—Stanley Explains Democratic Platform and Says He Will Carry Out Good Road Pledge—Rounds the Republicans.

Glasgow, Ky., September 20.—Special trains conveyed thousands of Kentucky Democrats from all sections of the state, to the noteworthy event of the formal opening of the Democratic campaign for state, judicial and legislative offices.

The sparkling oratory of former Congressman A. O. Stanley, their nominee, pleased the multitude of voters and co-laborers for the cause of Democracy. Mr. Stanley spoke, in part, as follows:

On the 31st day of August, 1915, the Democracy of Kentucky in Convention assembled, rededicated itself to the service of the people and the

A. O. STANLEY.

faith of the Fathers, by adopting without a dissenting voice, a platform specifically pledging its nominees to the highest service of the commonwealth. Not the least important of its covenants was an unequivocal pledge to stubbornly oppose that most insidious foe to every righteous reform—"Invisible Government." On the same day, the Constitutional Convention of the State of New York heard from the lips of its President, Elihu Root, a most startling declaration, the more surprising when you consider the previous political alignments of the speaker and the character of his audience.

"What I," said Mr. Root, "the Government of this State, the Government of the Constitution? Oh, no; not half of the time or half way. . . . The Government of the State has presented two different lines of activity, one of the constitutional and statutory fleets of the State, and the other—they call them party bosses—the system they call 'invisible government.' . . ."

It is all wrong. It is all wrong that the Government not authorized by the people should be continued superior to the Government that is authorized by the people.

Says Mr. Root, the fake government in the Imperial State of New York for years has been stronger than the true government. The inordinate power of such a government is not realized because it is not seen. Were all its selfish, and sinister purposes, all its secret operations, all its multitudinous misdeeds exposed in their naked "deeds" to the view of honest men, they would recoil in disgust and horror from this modern and monstrous perversion of popular government.

Every public servant, every political organization seeks preferment or power, either through public approval or the secret favor of this all-pervading and unseen influence known as "invisible government." Public men and political organizations have displayed a morbid ingenuity in their efforts to secure the approval of an unsuspicious public by glittering generalities and meaningless platitudes while their slash fads from his inexact to others. An alert and discerning public demands not high sounding professions of party loyalty but it demands explicit promises, the adoption of concrete reforms and the restraint of the activities of the lobbyist and the lawlessness of the trust.

Such legislation while demanded by the people is peculiarly obnoxious to those who are to be affected by it, and too often incur the impetuous and noiseless hostility of "invisible government." The makers of party platforms, and the candidates upon them, often find themselves between the conflicting forces which Root so graphically described, the people demanding a plethora of faithful service and the interests the omission of such pledges. For that reason, more significance should attach to the omissions in a political platform than to the things which are actually said. From the things which are said, you can, in a measure, determine what

the party proposes to do for the people, and from those things which are omitted, you may know with reasonable certainty what the same party is about to do to them. Thus it will be seen there is an endless conflict between the advocates of honest government and those emissaries of plunder and privilege, who come to party leaders like Nicodemus by night, insisting upon silence and a covert understanding to commit the party to no policy which may result in the punishment of their crimes or the protection of the public.

The platform of a political party has an infinitely greater significance than the utterances of its candidate. One is the solemn covenant of the many thousands of men and the other is the perfunctory private opinion of a single individual.

**Analysis of the Republican Platform.** For that reason, I shall in the very beginning, call your attention to a brief analysis of the declarations upon which all the candidates of the Republican Party stand and which has been described by the head of the ticket as his party's "word of honor" which "when accepted by the suffrage of the people to whom it is given, becomes a solemn contract sealed with the great seal of the Commonwealth. . . . A covenant with the people of Kentucky."

What covenant has Mr. Morrow or his party made to protect the State from the "miners and sappers" of every form of free government and honest endeavor? Search it, and from beginning to end, from Alpha to Omega, there is not a line, not a word, not a syllable against "invisible government," not a pledge to the people to cleanse the Legislature of corruption or the corruptionist, not a semblance of an anti-lolby plank or an anti-trust declaration. Why in the name of reason and justice and common sense, did not my distinguished opponent, who was present when that platform was reported, arise in that Convention and say then as he says now, "The Third House is still greater than the people's house; still throws upon it its dark and damning shadow; while open graft and brazen lobbying is charged by Kentucky's greatest Democratic editor?" Why did he utter no warning that such an omission would be regarded as the evidence of inexcusable ignorance or the badge of cowardness and of shame? He calls a Democratic Legislature to task for failing to pass an anti-lolby bill, but neither he nor his party offer to the people one ray of hope that in the event of his election he will suggest or will enact, such a law.

**Invisible Government.** The Democracy of Kentucky, pure and undefiled, has declared war upon this monstrous thing, "invisible government." Elihu Root on the same day in the very citadel of privilege and plunder admitted: "Both parties are alike; all parties are alike. The system extends through all. . . . I assert this perversion of democracy, this robbing of democracy of its virility can be changed as truly as the system under which Walpole governed the Commons of England by bribery, as truly as the atmosphere which made the Credit Mobilier scandal possible in the Congress of the United States and has been blown away by the force of public opinion. . . ."

"We can take this one step toward robbing the people of their part in government, but toward robbing an irresponsible oligarchy of its indefensible and unjust and undemocratic control of government, and restoring it to the people to be exercised by the men of their choice and their control."

From the north woods to the Everglades of Florida and from Cape May to the Golden Gate, from the valleys to the mountain tops, the length and breadth of the land is filled with what Mr. Root has well described as the "deep and sullen and long-continued resentment at being governed by men not of the people's choosing."

It was war upon "invisible government," it was the declaration of the call, that made the eloquent schoolmaster of New Jersey first its Governor and then the President of the United States. The exposure of this hidden and abominable thing by the courageous representatives of the people has been the crowning glory of the 63rd Congress, rich as it is in achievement and historic in great tasks nobly done. There is but one State in the Union that can boast of a dozen intelligent men and but one party on earth, that possesses a political organization which is either ignorant of the existence of invisible government or too corrupt or too cowardly to say anything about it—that party is the Republican Party of the State of Kentucky, and the dozen men are the Committee on Resolutions which, on the 15th of last June, wrote the platform upon which Mr. Morrow stands.

During more than a decade in the public service, the best years of my life have been given to fighting this abominable thing wherever it raised its head. In the State or in the nation, I unearthed the ground wire that connected the Senate of the United States with the Fifth Avenue, New York, between the desk of Nelson A. Aldrich and the home of the trust, I have turned the light upon the most intimate and secret conference between the masters of high finance and the servants of the people, I have spread upon the records of Congress the checks and vouchers, the indisputable proof of their secret sin. In Kentucky I have without regard to friends or foe, Democrat or Republican, have I declared, and now maintain, war to the knife and the knife to the hilt against the emissaries of "invisible government." It is known of all men that there is not a single soul in that reeking fortress of financial greediness and political sin known as the "Third House" that is not a member of the "invisible government" which is its master plan to the nearest neighbor within its walls, who is not politically and personally hostile and ready and willing to lend aid and comfort to any old enemy of this ticket, Democratic or Republican, Progressive or otherwise.

It may be that the nominees of the Republican party feel some pang of repentance in that event, but it is totally out of the question that they are "off of the reservation." The organization whose representative he is and to whom, upon the 1st of January, he is delegated the right to speak for him on the vexed public questions, has not hesitated to express its contempt for the validity

of platform pledges. The platform upon which Mr. Morrow was nominated declared: "We favor the enactment of a law which shall permit party nominations without regard to the party affiliations of the candidates." "We favor," says this party, "amendments to the State law permitting no encouraging nominations of the same candidate by the different parties. I have long suspected that certain Republican leaders were prone to practice such a thing, and I hardly thought they would compel the 'quick change artist' to play his 'Dr. Jekyll and Mr. Hyde' politics in the very presence of the people."

Let us suppose that such a platform declaration had the force and effect of existing law, what would be the result? The various parties have made their platform which Mr. Morrow says are a solemn covenant and when adopted by the people have the binding effect of a "contract sealed with the great seal of the commonwealth." As the nominees of both parties are pledged to support the platform which they have made, and which they have committed to two platforms, let us imagine him speaking to a student of the platform for which he professes such profound respect, and which he promises such implicit obedience. He would doubtless edify his audience with the statement that he pledges to preserve and enforce the County Unit law now upon the statute books. "It is not my covenant," says Mr. Morrow, "signed with the great seal of the commonwealth," that he declares our continued adherence to the County Unit law, and we do hereby endorse the present County Unit law of Kentucky and pledge ourselves to its strict and rigid enforcement."

The next day we find him upon the other platform surrounded by admiring Moores and declaring: "It is not my party's covenant, a solemn contract signed with the great seal of the commonwealth," that he declares our continued adherence to the County Unit law, and we do hereby endorse the present County Unit law of Kentucky and pledge ourselves to its strict and rigid enforcement."

form and named its nominees should never have heard until Mr. Morrow shed his open and public platform pledge that he was greater than the People's House. Will the intelligent citizenship of Kentucky be so easily duped? They know nothing of invisible government, or, knowing, is too timid or too corrupt to give up its solemn pledge to destroy it. It is not Mr. Morrow, high in his party's councils, the powers behind the throne, realizing how easy it is to secure the shew of war and the aid of all the cohorts, ehlers and eroknesses, and only they will agree to stand with their banners on the line and allow the Democratic party and its nominees alone to champion the cause of the oppressed against the oppressor and to advance unaided and unassisted against this unseen and inveterate foe of popular government, this all-pervading influence, deadly as the breath of the "pest of the olive," under whose blighting shade every impulse of honesty, every patriotic aspiration must wither and decay. I have never sought the suffrage of the people of Kentucky without formally recouring to those influences which have too often made constitutional government a mockery and a sham, and constitutional officers the tools and pawns of special interests. In a letter addressed to the public on December 12, 1912, I declared:

"The interests seeking special favors can never be tolerated by a party whose prime purpose is to strip those interests of every undue advantage and every privilege obtained by the operation of had laws or the violation of good ones."

On January 1, 1913, I declared my candidacy for Governor, I declared: "I will willingly surrender all seat in Congress to fight along all else that most injurious and abominable influence to the liberties and property rights of a free people—'invisible government'—power, influence and privilege, and every other influence, which has too often made constitutional government a mockery and a sham, and constitutional officers the tools and pawns of special interests. Cash received from former Democratic administration, January 1, 1908. . . . 1,018,055.72  
Total . . . . . \$24,110,835.19  
Democratic Administration from January 1, 1912, to August 31, 1915.  
Receipts from all sources. . . . \$26,570,875.28  
Less deficit in Treasury January 1, 1912. . . . . 290,697.54  
Total . . . . . \$26,279,677.72

The Democratic administration has received during the same relative period of time \$2,422,272.58 more than the Republican administration.

The official figures from the Auditor's office show that the last Republican administration faced a deficit in the State Treasury August 31, 1911, of \$1,108,209.37; that on August 31, 1915, there was a deficit in the State Treasury of \$2,445,049.20, or \$1,336,839.83 greater than the deficit of August 31, 1911. That is, the present Democratic administration has received in revenues for the same period \$2,422,272.58 more than the preceding Republican administration.

But Mr. Morrow goes farther and grows worse, stating that the State has been paying \$2,715,000 deeper into debt, making a total additional expenditure in the public revenues of \$5,727,000, or \$1,374,163 more than is shown by the official figures. Mr. Morrow is either very badly advised or he is a reckless guesser. This is but one of many instances showing that the value of his pictures is not accurate.

It is reasonably certain and may well be that after the close of the year anticipated revenues on the last of January, 1916, the State deficit will not exceed \$1,000,000. Does that justify the reckless statement of Mr. Morrow that "this is a bankrupt State?" Can three million dollars of debt bankrupt a commonwealth? The value of whose property exceeds a billion dollars?

"What assurance have we that this state is insolvent, even if it is a fact?" he exclaims. "It would be remedied by turning Kentucky over, 'boots and breeches,' to the successors of Wilson and Taylor. Do not the doctors of the Republican school teach us that the bill for the redemption of the State bonds, which was passed in the closing hours of the legislative session and then the original bill was introduced and passed by a large majority, and its full construction was only discovered after it was too late to remedy the blunders of the Superintendent of Public Printing and the incompetent organization of the State Printing Office?"

Why Mr. Morrow should gratuitously assail this purely Republican organization, "The State Printing Office," is past my ken.

**Would Demolish All Commissions.** Says Mr. Morrow: "Kentucky has a commission regulating everything from fire to fish, from Dan to Beersheba, from the State Board of Education, the Prison Commission, Insurance Commission, Board of Control, School Book Commission, Fire and Marine Commission, the State Board of Health, the State Board of Agriculture, the State Board of Commerce, the State Board of Labor, the State Board of Mines, the State Board of Public Health, the State Board of Public Safety, the State Board of Public Welfare, the State Board of Public Works, the State Board of Public Education, the State Board of Public Printing, the State Board of Public Printing and the State Board of Public Printing."

It is inconceivable that Mr. Morrow would assail with a sneer institutions of which he secretly approves. For that reason, I give to his facetious assemblage a candid interpretation and assume that he means what he plainly intones, "he will abolish" them. . . .

Connecticut, Republican almost completely, has the same amount of taxable property as Kentucky, \$43,399,019, with a bonded debt of \$7,064,100. . . .

The rock-ribbed Republican State of Pennsylvania has a bonded indebtedness of \$12,614,702. . . .

Albany, New York, the home of Aldrich, with \$200,000,000 less property than Kentucky, has managed under the wise administration of an unbroken Republican administration for generations to get along with only \$5,041,672 of bonded indebtedness.

It may be said that I have mentioned only Northern States and that for purposes of comparison I should take Southern States. Kentucky has a similar citizenship, alike in manner, customs and laws. At one time Alabama, Arkansas, Georgia, Louisiana, Florida, Virginia and North Carolina all had a chance at Mr. Morrow's remedy for extravagance. In the administration of the State's affairs, at the close of the war they were completely free from debt, their affairs had been administered honestly and economically during generations of Democratic rule. . . .

### FLOYD COUNTY'S RECORD FOR WEEK.

#### GIRL SUICIDE.

Prestonsburg, Ky., Sept. 29.—Miss Lennie Patton, 22 years old, daughter of the late Jeff Patton, committed suicide here last night by drowning herself in the Big Sandy River. She had been in ill health nearly a year. She talked much of her father and mother lately and asked a neighbor if she thought one would be saved if he lost his mind and destroyed himself.

She lived near the river bank and after her brothers awoke and missed her this morning they discovered her footprints in the dust of the street. At the river they found the body in six feet of water.

Miss Patton went to the river barefooted, taking care to bind down her clothing under the feet.

The Floyd County Circuit Court will convene in Prestonsburg on Monday, October 4, 1915. There will be much business to come before the court and the session promises to be a busy one.

Stinkum Sentera, in trying to get off a freight train near Prestonsburg Sunday, fell and sustained painful injuries.

Ashland T. Patrick, of Sellersville, Republican candidate for Judge of the 31st Judicial district, spoke at Auxier Tuesday.

## PIKE COUNTY NEWS

### FLEMING CAPTURED; QUESTION OF JURISDICTION.

Sol Fleming, who was charged in a warrant issued from Pike-co. with the shooting of Sidney Tackett on Beaver creek in Floyd-co. on Sept. 4th, was captured near the scene of the tragedy late last week. Tackett, the victim of a pistol fight on Beaver, died in this county a few days after being shot. He was a deputy Sheriff of this county, and lived on Shelby creek.

A party of his neighbors from Shelby, headed by deputy Sheriff John Rowe, went to Floyd-co. last week to aid in the capture of the fugitive, which was done early last week. The following men were members of the party and were armed with the warrant from this county for Fleming's arrest: Ulysses Tackett, David Tackett, John Rowe, John P. Johnson, Geo. W. Johnson and Ira Potter.

George Johnson said that his party of men found Fleming armed and in company with the Floyd-co. authorities who had arrested him on Beaver. Not knowing who they were the Pike county authorities announced their intention of pinning Fleming under a tree after the party had boarded a passenger train. Fleming is said to have drawn his revolver and prepared to resist, when Johnson unexpectedly came in behind them by the rear door of the car and seized Fleming. He was then handcuffed and preparations were made for the trip to Pikeville when word came from the authorities here that the prisoner was to be delivered to the Floyd-co. authorities. He was accordingly taken to the Prestonsburg jail. Johnson says his men demanded by what authority the other party held him in custody, and they only showed their guns, he says, as they authority. Considering the warrant held by his party as superior authority, he made the reprisal, while Fleming protested that he had been captured by a mob, and that his captors were planning to lynch him.

Johnson said last Friday that Tackett had for a long while feared that he would have trouble with Fleming, and that on one occasion while Tackett, who was a constable of this county, was waiting on a Magistrate's court on Shelby and Fleming was in the neighborhood, Tackett sent for Johnson to come and stay with him as a protection while he performed his official duties. Johnson believes his presence prevented trouble then.

### NEW POSTMASTER APPOINTED AT PIKEVILLE.

Roland T. Huffman was last week appointed to succeed E. E. Trivette as postmaster at Pikeville. Mr. Trivette having recently resigned the post to be relieved as speedily as possible.

Mr. Trivette has been acting postmaster here during the past four years, and has served the people most satisfactorily.

### TYPHOID VICTIM.

Isaac Ostroff, a Jewish tailor at Pikeville, became a victim of typhoid last week at the home of Harry Wells on Scott-av., and was removed to a hospital at Charleston Saturday. His condition is serious.

Mrs. Wells was also very sick and had to be removed to Charleston. Mr. Wells, who accompanied her, returned to Pikeville Sunday evening and stated that his wife would be able to return home in a short while, and that Ostroff is in a hopeful condition.

### BOOTLEGGER CONVICTED.

John Powell, a negro, was convicted in the Pikeville Police Court last Monday morning on a charge of bootlegging. It appears that he has been carrying on extensive operations in the liquor traffic within the city, and had disposed of several quarts to Pikeville patrons. He was fined fifty dollars.

### BASEBALL VICTIM.

Charlie Huffman, the young son of W. T. Huffman, was badly hurt while playing ball on the College diamond last week. He was acting as catcher in a game without wearing the usual mask. A ball struck him in the face breaking the nose and badly injuring the eye and otherwise bruising his face. He was removed to a Huntington hospital for treatment.

### NEW PUMP FOR CITY WATERWORKS.

The new settling tank and filter which the city waterworks company has just erected near the pumping station will be switched into service as soon as a new pump arrives and can be installed. The new pump will have a capacity of one thousand gallons per minute, and will be used in conjunction with the old pump which has a capacity of five hundred gallons per minute. The new tank and filtration plant will work a great improvement in the service to city patrons, and will be a great aid in purifying the water so that it will be practically the safest supply that Pikeville patrons can possibly obtain. This service will be given to the people just as soon as the new pumps arrives and can be installed.

### INJURED BY FALL.

Mrs. Rolland Bishop while getting over a fence at her home in West Pikeville one day last week fell and was badly injured by a nail in the foot. For a while blood poisoning was feared. She is much better now and the indications of blood poisoning have disappeared.

### NEW METHODIST, SOUTH, PASTOR ARRIVES.

The Rev. H. J. Vinson, formerly of Point Pleasant, West Va., who is to be the pastor of the M. E. Church, South, at Pikeville to succeed Rev. I. N. Fannin, is due to arrive here in time for the usual Sunday services at the church in this city. Owing to unavoidable delays he could not be here last Sunday, as announced.

Mrs. Gertrude M. Witholt, organist, has announced the following program to be rendered by the choir at each of the Sunday services, for which elaborate preparations have been made:

Morning service—Prelude, Cevallera Rusticans, by P. Mascagni. Offertory, In C sharp minor, by Adolph Jensen. Quartette for women's voices, I'm a Pilgrim, by G. W. Marston. Postlude, Dream of Paradise, by

Hamilton Gray. Evening service—Prelude, Bartlett's Dream, offertory, F. units, by H. Herens, Anthem by choir, Save Me, O God, by John Stalder. Postlude in C major, by J. L. Hatton.

### VISITING ENGLAND.

John J. Wall, formerly manager of the Armour branch store at Pikeville, and Mr. Ed Wiseman are now in England. Letters received by friends here announce the arrival of the young men at the port of Avonmouth by the steamship Royal George on Sept. 10th. It is their intention to proceed from thence to Bristol, after spending a few weeks with Mr. Wall's uncle at Avonmouth, and finally to close their visit to England by spending a few days in London. They will not join the British army, as some have been inclined to think, and will return to America in the near future.

### DAUGHTER OF DR. WALTERS WEDDED.

Lexie Lenore, the pretty 15-year-old daughter of Dr. E. P. Walters of Vergie, this county, was united in marriage to Mr. W. S. Johnson, a school teacher of Letcher-co. on Wednesday of this week. The ceremony was performed at the home of the bride's parents, which is on Shelby creek. After remaining in this county for a few days they will go to Letcher-co. to make their future home. The bride is well and popularly known, and the groom has a high standing among the educators of his county.

### STATE OFFICIAL MAKES FIRE TEST.

Edwin M. Hite of Mayaville, Assistant Fire Marshal of Kentucky, was here Wednesday in the interest of the Fire Protection Department of the state and made a thorough and comprehensive test of the fire fighting apparatus and general equipment of the city of Pikeville. He found the hose, fire plugs, pressure, etc., in first-rate condition, but the chief defect that he discovered was the undeniable lack of organization, which is the only way to get the most out of the resources at hand.

A new pump is being installed which will have a minimum capacity of one thousand gallons per minute. Two other pumps of smaller capacity are now in use at the pumping station. These will be overhauled and used as auxiliaries, giving three pumping units in a maximum capacity of about 10,000 gallons per hour. With additional tools and ordinances which he recommended, Mr. Hite thinks that with the proper organization the city of Pikeville will be in a better condition to fight fire than most of the smaller cities of the state, and this will mean less liabilities and lower insurance rates.

Recommendations. Mr. Hite in the mains and said that it meets all requirements. The pressure was found by actual measurement while running through several hundred feet of hose to be 120 pounds which is considered standard pressure everywhere. He is, however, anxious to have the city, as an extra means of protection, to pass ordinances designed to prevent the construction of buildings that would increase the danger of fire, and to take all necessary steps that will minimize this danger and give property owners here the very lowest insurance rates with the least possible danger of fire. He will also recommend that a salaried fire chief be appointed, instead of acting nominally, as heretofore, and that a regularly organized company be established. He will also advise the use of a few 1-inch nozzles instead of the 7-8 size now in use. With these improvements and the addition of a few other tools and appliances which he recommended, the city will be placed in a highly effective fire zone.

Mr. Hite will return to Pikeville from time to time, and will be glad to give any assistance to the authorities and advise them from his years of experience as Fire Chief in different cities in making Pikeville one of the safest towns in Kentucky as far as fire risks are concerned.

### A GOOD WOMAN PASSED AWAY.

Mrs. Emily Layne Powell, wife of John W. Powell, at their home at Paintsville, Pike-co., Ky., near Elkhorn City, passed quietly out of this earth into the Heavenly Life on August 12, 1915. She died of infirmities incident to extreme old age. She and Mr. Powell had spent over 60 years of loving married life, and reared a large family of children. He now past 86 and blind, is truly a lonely man. Through his life he has been one of Pike-co.'s best citizens, an honest, upright man. He is a confederate veteran of Col. May's Regiment, having followed the flag of the Lost Cause from "Ivy Narrows" to Appomattox.

Mrs. Powell was a daughter of old Uncle Tandy and Aunt Betsy Layne, living on Elk Sandy in upper edge of Floyd-co., were close neighbors to the father and mother of Mrs. R. T. Burns. The closest old-time friendship existed between these families, and Emily and Caroline were little playmates and spent many of their childhood happy hours together on the mossy banks of the upper Sandy, laying the foundations of friendship and affection which, increasing, continued through life, and will, as I believe, through all eternity.

Aunt "Betsy" was a daughter of old Col. Tom Johns, was born and reared on the John's plantation adjoining Louisa, was a sister to Mrs. Emily Burgess, wife of George R. Burgess, for whom Mrs. Powell was named. A cousin to Mrs. Emily Carey, wife of William Carey, and to Aunt Ellen Waldeck and closely related to Mrs. Aug. Snyder, and Mrs. M. F. Conley, Mrs. A. M. Hughes and quite a number of other good people in and near Louisa. "Cousin Emily," as I always called Mrs. Powell, was a Christian from early childhood—a good wife and good mother. She died with more than four score years behind her, an unblemished, spotless life.

It is hard to say the last word about this good woman. But I must close, and do so with a silent prayer that the Lord of Him "Who doeth all things well" may gently lead this sad and blind husband the few remaining days of his life and comfort and bless him and all their children and grandchildren. And by laying this little tribute upon "Cousin Emily's" new made grave.

## A Fine Blue-Grass Farm, Stock, Cattle Crops.

One mile from Hustonville, Ky., on

Thursday, Sept. 30

Desiring to quit business, I have determined to sell my farm of 260 acres, lying one mile south of Hustonville, Ky., on the Liberty pike, and 3 1/2 miles from Moreland on the Cincinnati Southern railroad. It is one of the best improved farms in the famous blue grass region and is excellently located. There are two tenant houses, five barns, including 2 new tobacco barns, silo, wheat house, tool sheds, scales and other outbuildings. It is splendidly watered with three large cisterns, three wells and never failing springs. The farm is well fenced and has good orchard. 40 acres in meadow, 25 in corn and tobacco, remainder in Blue Grass. The soil is fertile and the land in a high state of cultivation. In fact, it is one of the most desirable farms in Kentucky. Two miles each way daily. In splendid neighborhood and close to school.

The residence is one of the very best farm homes in Kentucky; a two story, well built frame home of 10 rooms and modern in every way.

I will also sell 28 head of Registered Angus cattle—cows, heifers and bulls, headed by one of the best herd bulls in the state. The number includes show cattle of both sexes.

40 high grade Angus cattle, consisting of cows, heifers and steers.

2 good Jersey cows.  
4 thoroughbred breed mares.  
2 yearling horses; one extra pair of work mules.  
Red Berkshire sow and pigs.  
Extra good three-year-old saddle mare.  
Farming implements, household and kitchen furniture, including a first class piano, good as new. Also a splendid pony.

Those desiring catalogues or bills, will please write me. Sale begins at 10 a. m., sharp. Dinner on the grounds. Capt. T. D. English and John B. Dinwiddie, Auctioneers. Terms made known on day of sale.

### LOUISA WATER IS IN SATISFACTORY CONDITION.

Some time ago Dr. A. W. Bromley, County Health Officer, was required by the State Board of Health to furnish it with samples of water from the reservoir and the hydrants for examination and analysis. This was done and the following letter received by Dr. Bromley gives the result of the tests made by the State Sanitary Engineer: Sept. 9, 1915.

Dr. A. W. Bromley, Louisa, Kentucky.

Dear Doctor:—

We have made sanitary analysis of the water submitted by you from your public water supply and are greatly

pleased to inform you that in the present condition, this water is in a highly satisfactory condition, there being absolutely no evidence of colon bacillus or harmful bacteria and a very low count of other bacteria per cubic centimeter. The chemical examination is also excellent. The water is soft enough, free from the products of organic pollution and in every way in its present condition, you have an excellent water supply.

I trust that the Company will always be able to maintain it in its present condition.

Yours very truly,  
D. P. CURRY, M. D.  
State Sanitary Engineer.
